

Residential Deposits As of July 1, 2016

The deposit may be waived subject to said customer passing a credit inquiry. If a co-signer signs for service, the co-signer must have a satisfactory credit inquiry and be a current CU customer in good standing for the deposit to be waived. The credit inquiry is performed by a third party vendor. Please call (423) 472-4521 for more information on credit inquiries.

Deposits for commercial services vary and are set for each location by CU. These deposits are based on three factors:

- 1) Past usage history for the location.
- 2) Estimated usage for the current business.
- 3) Past pay history of the business and responsible parties.
